24th July, 2026

Dear Parent/Guardian,

RE: TERM 2 2026 END OF TERM NEWSLETTER: STUDENTS RELEASED ON FRIDAY 24/07/2026 AT 5.00 P.M. AND EXPECTED BACK ON WEDNESDAY 26/08/2026 BY 6.50 AM.

We thank our Lord for His blessings in this last part of second term 2026. **All students have been released on Friday 24/07/2026 at 5.00 p.m. and are expected to report back on Wednesday 26/08/2026 by 6.50 am.**

A lot has been done this term and these are the highlights: -

1. STUDENTS' ACADEMIC PROGRESS

The term started well. Students in Grade 10, Form 3 and 4 did their Mid Term examinations which were marked, papers returned and corrected. The midterm academic progress reports have been prepared and posted in the **Zeraki Analytics** platform. The End of Term exams concluded on Friday 24th July 2026. Students are expected to collect their report forms from school on **Tuesday 28th July 2026 at 09.00am.** Discuss this performance with your child so as to motivate him/her towards better and even excellent academic performance.

2. EXAM TARGETS

At the beginning of each term, students set their targets, both subject targets and overall grade targets. We expect that most of them will meet their targets and for those who have not we continue to encourage them to do so. Let us continue supporting them.

3. LEARNING MATERIALS

Parents and guardians are encouraged to ensure that their sons and daughters have the following learning materials.

- Calculator – FX82MS
- Geometrical set and calculator
- Bible

4. SCHOOL UNIFORM

Parents are requested to replace uniform that is old or worn out. All students should also have the proper games uniform. The school shoes should be leather shoes and also be in good condition. For PE and sports, students should have sports shoes.

5. HOLIDAY ASSIGNMENT

Ensure your son/ daughter does the holiday assignment that he/she has been given by subject teachers. The tasks will be checked once we open for Term 3, 2026.

6. DISCIPLINE

Discipline is a key pillar in our school. It is a collective responsibility. Play your part in instilling the same to your son/daughter. Majority of our students have displayed a high level of discipline, and over the course of the term there have been no major indiscipline cases. However, the following areas need

Motto: Discipline and Hard work for Excellence

your attention: **exposure to drugs, absenteeism, and use of non-uniform garments / shoes** in school. Let us join hands in curbing these vices.

NB: In case a student misses school for whatever reason, the parent / guardian should make urgent efforts to communicate with the school.

7. COMMUNICATION

We are pleased to inform you that our school has launched a new website as part of our communication and access to information. Please visit the website on [http://: hgmingangaseniorschool.com](http://hgmingangaseniorschool.com) regularly to stay up to date on school activities and important notices. Our school's official telephone number is **020 2003344**.

8. CO-CURRICULUM ACTIVITIES

The school actively participated in the co-curricular activities scheduled for the term, including ball games and indoor games. The learners performed well and progressed to the County level in both categories. The school also participated in the Music Festival, where it advanced to the Sub-County level.

9. CODING AND CHESS CLASSES

The school has introduced coding and chess classes to all our students to enhance our students' skill sets. Encourage them to participate in these activities

10. GRADE 10 LEARNERS

- ❖ The learners have settled down after being taken through and guided on various combinations of learning areas. They are disciplined, focused and show confidence in various areas including in co-curricular activities. It has however been observed that some of the learners still have glaring gaps which must be filled by constant engagement with the learnt content over this break.
- ❖ All grade 10 parents are expected to purchase tracksuits for their children for PE lessons. The tracksuit should be **Maroon** in color with two **White stripes** on the sides and a **Yellow T- shirt**.

11. GRADE 10 ASSESSMENTS

Grade 10 learners have started their assessment which will also include projects and various hands-on activities as part of their formative assessment. The teachers have taken the learners through the various tasks of the assessments and we expect to conclude the assessment by end of September 2026. Parents are expected to purchase portfolios for the learning areas under assessment. They should be brought to school on the opening day without fail. Note that **Grade 10 Agriculture** students will be in school on **Monday 27th July 2026** for their Agriculture project at **9.00am**.

Finally, accept our appreciation for the cooperation and continued support. We wish you God's blessings.

Yours in Service,

LAWRENCE MUNGAI
